Dear Sandra Moser,

I have received all the correspondence from all parties. First, I am NOT a lawyer. The system the Public Service Commission has in place is not designed for the typical consumer such as me. I was not advised that I should retain a lawyer for this complaint. I just happened to find the Pro Se Litigant Guide after the fact. A link to this guide should be on the same page as the complaint form.

Also I was never advised on the difference of a informal complaint and formal complaint by the people I talked to personally. I was also never provided with the Commission-approved tariff SLR-69. That being said I did send an email to Roger P. Hall and Andrew M. Bateman, which I did not receive a response from either one as per rules. I am attaching that email, so I am being "transparent" to all parties.

This will be my only response to the Motion to Dismiss Complaint. The stress of this is making me physically ill. I cannot understand where they "hid" the street light charge since 1979 and saying it was "included in the service line of the bill" doesn't make sense to me. I asked for clarification and was told it couldn't be provided.

I know this email is not in legal format, but as I stated "I am not a lawyer and will not pretend to act like a lawyer." If this case is dismissed, so be it. I am just an average American citizen at the mercy of a big utility company and cannot just cancel and move to another company.

Please find my attached email to R.Hall and A.Bateman. Thank you very much for your time.

Sincerely,  
 Jeannie P. Brown

 Subject: Docket 2021-83-E (Jeannie Brown v. Duke Energy Progress, LLC)

Dear Parties of Record,

The Commission is in receipt of Duke Energy Progress, LLC's Verified Answer and Motion to Dismiss in the above-referenced docket. Pursuant to South Carolina Code Regulation 103-829, responses to motions are due within ten (10) days after service of said motions. According to Rule 6(e) of the South Carolina Rules of Civil Procedure, parties served by mail are provided an additional five (5) days in which to respond. Therefore, please note that Complainant's (Ms. Brown's) response commenting on the Motion to Dismiss filed by Duke is due no later than April 12, 2022, which is fifteen (15) days after the date of service, March 28, 2022. Duke's Reply to the comments of Ms. Brown about its Motion to Dismiss must be filed with the Commission within five (5) days of service of the response. These times may be modified by order of the Commission or its designee for good cause.

Included within Duke's Motion to Dismiss was also a request that the Commission hold in abeyance the filing deadlines for all parties and the hearing date pending resolution of its Motion to Dismiss. The Commission filed a response to that request last Friday (see attached), granting the request to stay all present filing deadlines as well as the hearing date. Therefore, the April 1, 2022 direct testimony deadline for Duke and ORS was stayed, and the April 8, 2022 deadline for the Complainant's response was also stayed. Further, the hearing date of June 14, 2022 has been stayed pending the outcome of the Motion to Dismiss.

The Commission will have the opportunity to issue its final ruling on the request after responses have been filed, and provide a new procedural schedule as necessary.

For service purposes, we will also be sending a copy of this email as well as the attached Chief Hearing Officer Directive, to the Complainant (Ms. Brown) by mail. Please do not hesitate to contact us by reply email which includes all parties of record if you have any questions or concerns. A copy of this email shall be filed in the Docket file for this matter as required by Commission policy.

Thank you,

Sandra
